

Name: Patel Shivamkumar S.

Enroll No: 21162101019

Branch: CBA Batch: 41. Sem : 4

Subject: FET

PRACTICAL 1

Objective: To create your personal portfolio.

To create a personal portfolio page, you need to be proficient in HTML5 and CSS3. In this project, you will create a web page containing the standard information for a work portfolio, including your name and image, projects, niche skills, and interests.

Exercise:

The portfolio page should have a header and footer section. The header section will include a menu highlighting your personal information, contact information, and work. You can place your photo at the top part of the page and include a short description of your professional career and interests. Below this description, you can add a few work samples. The footer section can contain your social media handles.

CODE:

The screenshot shows the Visual Studio Code interface on a Mac OS X desktop. The title bar reads "FET". The Explorer sidebar on the left shows a folder structure for a project named "FET" containing files like "css.png", "html.png", "index.html", "java.png", "js.png", "json.png", "photo_2023-01-05 11.22.59.jpeg", "prepros-6.config", "python.png", "# style.css", "prac2", "macos-big-sur-apple-layers-flu...", "prac2.html", "294069 - Copy.jpg", and "hey.py". The "OPEN EDITORS" tab shows "Untitled-1" and "# style.css" are open. The main editor area displays the content of "index.html".

```
<!DOCTYPE html>
<html>
  <head>
    <meta charset="utf-8">
    <meta name="viewport" content="width=device-width">
    <title>Portfolio</title>
    <link href="#style.css" rel="stylesheet" type="text/css" />
  </head>
  <body>

    <script type="module" src="https://unpkg.com/ionicons@5.5.2/dist/ionicons/index.js">
    <script nomodule src="https://unpkg.com/ionicons@5.5.2/dist/ionicons/ionicons.js">

    <main class='main'>
      <nav class='navigationBar'>
        <h1>Shivam Patel Portfolio </h1>
        <div class='navigationMenu'>
          <a href="#aboutMe">About Me</a>
          <a href="#skills">Skills</a>
          <a href="#projects">Projects</a>
          <a href="#contactForm">Let's Connect!</a>
        </div>
      </nav>
      <section class='heroSection'>
        <img alt="Profile Image" class='profileImage'>
      </section>
    </main>
  </body>
</html>
```

```

OUTPUT:

The screenshot shows a web browser window on a Mac OS X desktop. The address bar displays '127.0.0.1'. The main content is a portfolio website for 'Shivam Patel Portfolio'. The header includes a navigation bar with links for 'About Me', 'Skills', 'Projects', and 'Let's Connect!'. Below the header is a large profile picture of a young man with glasses sitting on a blue couch. To the right of the photo, the name 'Shivam Patel' is displayed in a large, bold font, followed by the text 'Student of Ganpat University'. A section titled 'What I Do...' contains a brief description of the user's interests in artificial intelligence, web languages, and computer building. At the bottom of the page is a 'Projects' section with a grid of icons representing various software and tools. The desktop background features a colorful abstract design.

A screenshot of a resume website displayed in a Safari browser on a Mac. The website has a light purple background with a colorful gradient sidebar on the right. At the top, there's a section titled "What I Do..." with a paragraph about the author's interests in artificial intelligence, web languages, and building computers. Below this is a "Skills" section featuring icons for C++, C, HTML, CSS, JS, Java, JSON, and PY. To the right is a "Projects" section listing three projects: "Employee Seating Assessment" (with a Java icon), "Super Market Billing System" (with a C++ icon), and "Photo Gallery" (with a CSS icon). At the bottom left is a "Let's Connect!" form with fields for "Full Name" and "Email". The Mac OS X dock at the bottom contains various application icons.

A screenshot of a contact form page displayed in a Safari browser on a Mac. The page has a light purple background with a colorful gradient sidebar on the right. It features a "Let's Connect!" form with fields for "Full Name", "Email", and "Message" (with placeholder text "Send some message!"). Below the form is a "Connect" button. To the left of the form are social media icons for Instagram and Twitter. The Mac OS X dock at the bottom contains various application icons.
